We call your particular attention to our long list of perennials and rock garden plants beginning on page 12.

THE WESTMINSTER NURSERY **Wholesale Price List** **WESTMINSTER, MARYLAND**

Members of the American Association of Nurserymen, Eastern
Association of Nurserymen

Terms and Condition of Sale

This list cancels all previous quotations. All argeements and contracts are made subject to crop losses through unavoidable causes.

THE PRICES named in this list are based upon present market conditions, and are subject to change without notice. We invite correspondence with prospective buyers, and shall be pleased to quote special prices on want lists calling for larger quantities than are named herein. On the other hand, these are wholesale prices, and are applicable only to wholesale quantities; in no case will we fill orders from retail buyers at the prices herein contained. We will accept orders five at ten rates; twenty-five at hundred rates and two hundred and fifty at thousand rates, of the same variety and grade. Orders calling for one to four will be figured at 20% additional to prices called for in this list. When all cash accompanies order, packing is free of charge.

TERMS.—The usual terms are offered to those of established credit or whose responsibility is known to us. Cash, security or satisfactory references required from unknown parties. All bills are due in sixty days unless other arrangements are made at the time of sale. All prices are net and not subject to any discount unless specially agreed upon.

SHIPPING.—Customers are requested to give definite instructions in regard to manner of shipping that they desire. In the absence of special instructions we will use our own best judgment, but with the express understanding that it is without responsibility on our part. All shipments travel at the risk and cost of the purchaser. We have the Western Maryland Railway, which makes excellent connections with the Pennsylvania Railroad and the B. & O. Railroad. Also the White Transportation Company, which makes prompt connections with all the above Railroads including Baltimore City, which enables us to ship in any direction over trunk lines. Express is handled over the above routes.

BOXES will be charged for at the rates noted below. These are somewhat reduced on account of our being able to buy lumber somewhat more reasonably. These rates, however, do not really cover present actual cost to us.

10 ft. 30 in. x 30 in.....	\$4.50	10 ft. 20 in x 20 in.....	\$3.15
10 ft. 28 in. x 28 in.....	4.20	10 ft. 18 in. x 18 in.....	3.00
10 ft. 26 in. x 26 in.....	4.00	10 ft. 14 in x 16 in.....	2.50
10 ft. 24 in. x 24 in.....	3.50	10 ft. 12 in. x 14 in.....	2.30
10 ft. 22 in. x 22 in.....	3.25		

Add 50 cents on all sizes of 12 ft. boxes; decrease in same proportion for shorter boxes.

TRUCK DELIVERY.—We can make deliveries by Auto Truck within 100 miles of our nurseries. There are several marked advantages of truck deliveries which are obvious—boxing, freight and cartage are eliminated and the stock arrives with the minimum of exposure and handling. Our charges for this service are very moderate and we feel sure you will find this method satisfactory if located within the radius mentioned.

BALES will be charged for at actual cost of material used. We make no charge for delivery to the railroad station.

GUARANTY.—We give no guaranty, expressed or implied, as to description, quality, productiveness or any other matter of any nursery stock or bulbs we sell, and we will not be in any way responsible for the crop.

CLAIMS for any cause must be made promptly on receipt of goods. Any stock that is not exactly as represented must be reported promptly and on authority should be returned to us immediately. We will cheerfully and without question credit back the unsatisfactory plants, or send others; but we will not entertain claims made after goods has been accepted, or when report is not made within ten days after arrival of stock.

INSPECTION AND FUMIGATION.—Certificate of inspection will be furnished with every shipment and, when required, stock will be fumigated.

SPECIAL NOTICE.—Correspondents are requested to use their printed business letter-heads. We do not quote wholesale prices to retail buyers. This wholesale trade list is intended for Nurserymen, Florists and Dealers.

LOCATION.—We are located 28 miles Northwest of Baltimore, Maryland, and invite a visit to inspect our Nursery.

Respectfully,

THE WESTMINSTER NURSERY.

Westminster, Maryland, Feb. 18, 1932

Telephone, "Westminster 222"

40,000 Evergreens

of the Following Varieties and Grades

All of our evergreens have been sheared and two or three times transplanted. The prices quoted include B. & B. and are based on well-developed and well-shaped stock.
